REDEVELOPMENT AGENCY MEMORANDUM

To:

Chairman David Dermer and

Members of Miami Beach Redevelopment Agency

From:

Jorge M. Gonzalez

Executive Director

Subject:

A RESOLUTION OF THE CHAIRMAN AND MEMBERS OF THE MIAMI

BEACH REDEVELOPMENT AGENCY, FLORIDA, ADOPTING AND APPROPRIATING THE OPERATING BUDGETS FOR SOUTH POINTE AND CITY CENTER REDEVELOPMENT AREAS FOR FISCAL YEARS 2004/05

RECOMMENDATION

Adopt the Resolution.

ANALYSIS

The proposed budgets for South Pointe and City Center Redevelopment Areas for Fiscal Year 04/05 have been prepared to coincide with the overall City budget process, and are being presented today to assist in providing a comprehensive overview of the two districts. Three schedules are included respectively for City Center and South Pointe. These include the proposed budget for FY 2004/05, a capital cost projection and a forecast of tax increment growth in each of the two areas.

City Center

The tax increment in City Center continues to grow steadily as new hotel, residential and commercial developments come on line. This trend is supported by an estimated 10% percent increase in property values for FY 2003/04 and an estimated 9% increase for FY 2004/05.

Total revenues for FY 2004/05 are estimated at \$24.7 Million, comprising \$17.05 Million in tax increment revenue; \$2.5 Million in resort tax contributions; a ½ mill levy in the amount of \$633,493, to be set aside for the Children's Trust pursuant to an Interlocal Agreement, dated August 16, 2004 between the RDA, the City of Miami Beach and Miami-Dade County; approximately \$2.4 Million in operating income derived from the ground lease revenues from the Loews and Royal Palm Hotels, retail lease revenues from the Anchor Shops and parking garage revenues from the Anchor Garage; \$243,000 in interest income; and a fund balance reallocation of \$1.9 Million.

It should be noted that on July 30, 2004, pursuant to Section 36.2(b) of the Lease Agreement between the RDA, the City of Miami Beach and MB Redevelopment, Inc., dated September 20, 1996, Loews confirmed its intent to exercise its purchase option to buy out the City/RDA's interest in the land and improvements, including the public areas and the hotel. Loews also remitted a prepayment of \$19,852,303 based on a purchase

Page 2 of 6

price of \$28,009,178, as calculated by Loews pursuant to the formula set forth in Section 36.2(b)(i)(y)(1) of the Lease Agreement. The exercise/closing date has been set for December 2, 2004. Consequently, the proposed budget only reflects two months of rent for Loews and no incentive rent.

Pursuant to the security (pledged funds) provisions in the 1998 series bond documents, Administrative Expenses remain capped at \$500,000, comprising a \$414,000 management fee which is allocated to the General Fund to pay for direct and indirect staff support for the RDA and \$86,000 for actual operating expenses. It should be noted that the Administrative fee accounts for less than 1.9 percent of total expenditures.

During the course of the 2003/04 RDA budget approval process by Miami-Dade County, the County requested that each Community Redevelopment Area (CRA) include a 1.5% administrative fee to defray the County's costs in connection with its oversight of the CRAs (based on the County's annual Tax Increment Revenue (TIF) contribution in their respective budgets). Due to the fact that the existing bond covenants pledge all current and future increment for the repayment of outstanding bond obligations, the RDA can only remit the administrative fee at the end of the Fiscal Year, provided that the debt service and other obligations relating to the bonds have been met. The RDA budgets were subsequently modified to include a reserve expenditure line item for the administrative fee, which is calculated against the County's share of the TIF payment. In addition, Chapter 163.387(7)(a) Florida Statutes provides that the City and the County are eligible to share on a proportionate basis in any TIF Revenues not budgeted for a specific use and remaining at the end of the CRA's fiscal year in the Trust Fund. Based on this provision, the City was able to negotiate allocating 1.5% of the County's share of the TIF payment back to the county to defray their costs and 1.5% of the City's share of the TIF payment as a contribution back to the City.

On May 5, 2004, the City Commission and the RDA Board adopted separate resolutions, authorizing the execution of an interlocal agreement between the City of Miami Beach, the RDA and Miami-Dade County, which serves to document the terms by which the City and the County receive their respective administrative fees. The reserve line items for FY 2004/05 comprise \$108,330 for the County and \$141,847 for the City.

Additionally, on October 17, 2003, the Board of County Commissioners enacted Ordinance No. 03-210, whereby any future requests by municipalities and/or community redevelopment agencies relating to community redevelopment plans, including, but not limited to, approval of annual budgets, would require all Community Redevelopment Agencies, in their sole discretion, to exempt the Children's Trust Ad Valorem ½ mill tax levy from collection into the Redevelopment Trust Fund. As in the case of the Administrative Fee, the existing bond covenants preclude the RDA from remitting revenues generated by the ½ mill tax levy until the end of the Fiscal Year, provided that the debt service and other obligations relating to the bonds have been met. Consequently, a reserve expenditure line item has also been added for the Children's Trust, which in FY 2004/05 has been estimated at \$633,493. On January 14, 2004, the City Commission and the RDA Board adopted separate resolutions, authorizing the execution of the Interlocal Agreement

between the City of Miami Beach, the RDA, Miami-Dade County and the Children's Trust, which serves to document the terms by which the Trust receives its share of revenues generated by the ½ mil tax levy. The Interlocal also provides that in exchange for the City and CRA's cooperation, the Trust will make available funds in the amount of Trust Fund Revenues generated from the CRA districts, for eligible service providers and children's programs within the City of Miami Beach, without limiting the ability to access other Children's Trust programs.

Pursuant to a determination by bond counsel, TIF funds may be used to maintain projects constructed utilizing TIF funding. As such, a line item has been added for capital projects maintenance in the amount of \$1.9 Million, specifically to fund maintenance and infrastructure repairs along Lincoln Road and the Beachwalk. In addition, a reserve line item is being proposed to fund capital/infrastructure replacement and renewal throughout the City Center Area on an as needed basis. The line item is being funded by adding the amount of debt service millage reduction (0.126 mills) to the general operating millage, generating an estimated \$160,473 for City Center.

Tax Increment Financing (TIF) through the sale of bonds has been a major tool for financing redevelopment activities. To date, three bond issues have occurred in City Center: one in 1994 for \$25 million, to acquire land for the hotel development initiative; one in 1996, in the amount of \$43.2 million to fund contractual obligations and capital improvements related to the Loews Hotel and African-American Hotel projects; and, one in 1998, in the amount of \$38.2 million to finance capital expenditures related to the convention hotel projects, the Cultural Campus project and to repay the \$21.5 million debt obligation to the City. It should be noted that when the bond issues were done initially, Resort Tax was used as a secondary pledge to pay the debt service. Due to steady increase in tax increment coupled with the income stream from the Loews Hotel ground lease and operation of the Anchor Shops and Parking, the RDA has been able to repay Resort Tax funds used to pay existing debt service obligations from the 1993 and 1996 bond issues, for a total of \$2.4 Million. Current debt service on the 96B and 98B bonds accounts for approximately \$9.9 million annually.

In FY 2004/05, City Center will make its final annual payment to the City in the amount of \$1.1 Million, for repayment of capital costs on Lincoln Road, which also includes interest, calculated against a principal amount of \$11.5 million, (borrowed from the Gulf Breeze Loan Pool). City Center will also continue assuming debt service payments on the portion of the Gulf Breeze loan used to pay for the Bass Museum expansion and renovation, in the amount of \$506,885. These payments were previously made from water, sewer, storm water, gas and resort tax proceeds. Additionally, TIF will continue to be utilized to address much needed infrastructure improvements in the area, including but not limited to streetscape, landscaping and parking.

A total of \$2.6 Million is being allocated towards the Community Policing Program in FY 2004/05, representing an increase of approximately \$440,000 from FY 03/04, which includes certain additional enhancements including, but not limited to, sanitation and code enforcement initiatives, graffiti eradication and private security patrols.

On-going and planned capital projects in City Center for FY 2004/05 are projected to account for approximately \$5.6 Million and generally include the following:

- Completion of the Beachwalk project, connecting Lummus Park with the terminus of the existing wooden boardwalk at 23rd Street;
- Implementation and construction coordination of the street-end improvements to 17th, 18th and 20th Streets, to be undertaken as part of and in conjunction with the Beachwalk project;
- Design and construction of streetscapes throughout City Center;
- Collins Park area improvements; including demolition of the old library, renovating and extending Collins Park to the ocean, rehabilitation of the Rotunda, streetscape improvements and under-grounding of utilities;
- Washington Avenue right-of-way improvements;
- Planning and design of the City Hall expansion parking garage;
- Implementation of new wayfinding signage;
- Completion of Colony Theater renovation.

Additionally, the RDA continues to coordinate with CIP on planning, budgeting for and implementing infrastructure improvements throughout City Center.

South Pointe

Property values in South Pointe continue to experience rapid growth as new luxury residential developments including but not limited to, Murano Grande, Bentley Bay, Continuum Phase I, The Cosmopolitan/Courts, and Bentley Beach projects come online. Property values experienced a 42% increase in FY 2003/04 and are projected to increase 32% in FY 2004/05.

Total Revenues in FY 2004/05 have been projected at \$22.3 Million, comprising \$21.1 Million in TIF revenue; the ½ mill levy in the amount of \$682,331, set aside for the Children's Trust; approximately \$306,000 in operating income derived from the marina rental, \$99,000 in Portofino local impact fees, and \$45,000 in interest income.

Page 5 of 6

No change is proposed in Administrative/operating expenses, which will remain at \$500,000. As in the case of City Center, \$414,000 comprises the management fee which is allocated to the General Fund to pay for direct and indirect staff support for the RDA and \$86,000 is for actual operating expenses.

As in the case of City Center, the same reserve expenditure line items have been included in South Pointe's proposed budget for FY 2004/05 and are calculated as follows:

- Administrative Fee (1.5%): County's share: \$134,796 City's Share \$176,502.
- Children's Trust: \$682,331
- Proposed Capital Replacement Millage: \$199,679

A total of \$2.1 Million is being budgeted for community policing in FY 2004/05, representing an increase of approximately \$650,000 over FY 2003/04, which in addition to a neighborhood policing approach will include sanitation, code enforcement and graffiti removal initiatives.

Capital expenditures in FY 2004/05 are projected at approximately \$18.4 Million and will generally include the on-going multi-phase South Pointe streetscape improvements; planning and design of South Pointe Park and Washington Park improvements; implementation of new way-finding signage; and on-going obligations relative to the SSDI/Portofino developments.

During the next fiscal year, the Redevelopment Agency will undertake the following initiatives in South Pointe:

- Continue to work with the CIP Office on multi-phase streetscape improvements, including new water, storm water and drainage systems, milling and surfacing of roadways, construction of new sidewalks, landscaping, irrigation and new street lighting;
- Coordinate with CIP and the Parks Department to update and implement the South Pointe Park Master Plan; Facilitate the opening of a new library in South Pointe;
- Continue the Courts of South Beach project and related streetscapes;
- Coordinate G.O. Bond projects within the district, including the design, construction and installation of an art piece for the Washington Avenue and 3rd Street Plaza together with Art in Public Places;
- Coordinate post-construction maintenance and operations of City parking facilities in Murano, Yacht Club at Portofino and Murano Grande with developer and Miami Beach Marina;
- Coordinate implementation of RDA's obligations pursuant to Settlement Agreement involving Alaska, Goodman and Hinson parcels, dated July 28, 2004;
- Facilitate funding for CIP-managed construction of a booster pump station on Alton Road, currently under design by CDM Engineering and Zyscovich, Inc. Architects;
- Coordinate with the Police Department in the implementation of community policing initiatives.

It should be noted that on September 30, 2005, South Pointe Redevelopment Area officially sunsets. However, in accordance with certain provisions set forth in the First Amendment to the Interlocal Agreement between Miami-Dade County and the City, dated June 21, 1996, and as amended on April 24, 2001, and March 16, 2004, respectively, from 2005 and 2020, the City and the County shall annually appropriate an amount equal to 50% of the respective incremental citywide and countwide property tax revenue generated within the former boundaries of the South Pointe Redevelopment Area, (payable from nonad valorem revenue sources), to fund projects within that same geographic area.

Recommendation

In order to address the existing and future obligations in the two Redevelopment Areas, it is recommended that the Redevelopment Agency adopt the attached resolution which establishes operating budgets for South Pointe and City Center Redevelopment Areas for FY 2004/05

Agency

FROM: Jorge M. Gonzalez

SUBJECT: A RESOLUTION OF THE CHAIRMAN AND MEMBERS OF THE MIAMI

BEACH REDEVELOPMENT AGENCY ESTABLISHING A SOUTH POINTE CAPITAL RENEWAL AND REPLACEMENT FUND TO PROVIDE A DEDICATED SOURCE OF FUNDING FOR CITY CAPITAL RENEWAL AND REPLACEMENT PROJECTS THAT EXTEND THE USEFUL LIFE OF THE ASSETS WITHIN THE SOUTH POINTE DISTRICT; ESTABLISHING A PROCEDURE FOR ANNUAL APPROPRIATION OF FUNDS; ESTABLISHING A PROCEDURE FOR THEIR USE; AND ADOPTING THE FISCAL YEAR (FY) 2004/05 BUDGET FOR THE FUND, IN THE AMOUNT

OF \$199,679.

ADMINISTRATION RECOMMENDATION

Adopt the Resolution.

ANALYSIS

Consistent with the proposed budget for the General Fund, the proposed budget for the Miami Beach Redevelopment Agency includes a \$199,679 appropriation dedicated for capital renewal and replacement of South Pointe District assets. On September 9 2004, the Mayor and City Commission tentatively adopted the proposed millage rate of 7.425 mills which included 0.126 mills dedicated for capital renewal and replacement. The additional 0.126 mills will result in an additional \$199,679 to the FY 2004/05 South Pointe Redevelopment Area Operating Budget. Consistent with the General Fund appropriation, it is recommended that the use of the additional \$199,679 be restricted to future year capital renewal and replacement projects that extend the useful life of the assets within the South Pointe District and transferred to the South Pointe Capital Renewal and Replacement Fund.

The Administration is proposing the following restrictions and guidelines to ensure the funds are appropriated exclusively for capital renewal and replacement to supplement existing South Pointe Redevelopment Area maintenance expenditures:

 Establishment of a dedicated South Pointe Capital Renewal and Replacement Fund to be used for projects that extend the useful life of the assets within the South Pointe District. The South Pointe Capital Renewal and Replacement Fund shall be funded annually, commencing in FY 2004/05, through a transfer from the South Pointe Redevelopment Area Operating Budget. The initial transfer from the South Pointe Redevelopment Area Operating Budget to the South Pointe Capital Renewal and Replacement Fund shall be in the amount of \$199,679.

- In subsequent years, the Fund will be increased by, at a minimum, the amount
 which would represent the value of the debt service millage reduction resulting
 from growth in the assessment value of the tax base in the South Pointe District.
 It is expected that this increase should not result in a total combined millage rate
 greater than in the preceding fiscal year.
- Any appropriation of project specific allocations from the South Pointe Renewal and Replacement Fund for FY 2004/05 shall be approved by the Chairman and Members of the Miami Beach Redevelopment Agency and in subsequent years by the Mayor and City Commission.
- Interest earnings that accrue in the South Pointe Capital Renewal and Replacement Fund shall be included in the subsequent appropriations for the Fund.
- Changes among project specific appropriations may be authorized by the City Manager to the extent that no new projects are added and the total annual allocation is not exceeded.
- During FY 2004/05, changes to the total allocation and changes to the list of projects to be funded from the South Pointe Capital Renewal and Replacement Fund shall require authorization by a majority of the Miami Beach Redevelopment Agency members and in subsequent years by the Mayor and City Commission. Excess project specific appropriations not required will be available for re-appropriation in following years.
- Project specific appropriations that are not expended in a given year shall remain in the South Pointe Capital Renewal and Replacement Fund for the life of the project.

The Administration recommends adoption of the budget for the South Pointe Capital Renewal and Replacement Fund for FY 2004/05 as follows:

BACKGROUND

The City of Miami Beach has and continues to make significant infrastructure investments throughout the City along with the infrastructure investments made by the Miami Beach Redevelopment Agency in the South Pointe District. To ensure that these projects are funded and addressed when needed, it is essential to establish a separate capital replacement and renewal fund with a dedicated source of funding.

A RESOLUTION OF THE CHAIRMAN AND MEMBERS OF THE MIAMI BEACH REDEVELOPMENT AGENCY ESTABLISHING A SOUTH POINTE CAPITAL RENEWAL AND REPLACEMENT FUND TO PROVIDE A DEDICATED SOURCE OF FUNDING FOR CITY CAPITAL RENEWAL AND REPLACEMENT PROJECTS THAT EXTEND THE USEFUL LIFE OF THE ASSETS WITHIN THE SOUTH POINTE DISTRICT; ESTABLISHING A PROCEDURE FOR ANNUAL APPROPRIATION OF FUNDS; ESTABLISHING A PROCEDURE FOR THEIR USE; AND ADOPTING THE FISCAL YEAR (FY) 2004/05 BUDGET FOR THE FUND, IN THE AMOUNT OF \$199,679.

WHEREAS, the City has a significant infrastructure investment in the South Pointe District; and

WHEREAS, annual capital renewal and replacement needs compete for resources with other needs with the result that capital renewal and replacement needs may be deferred; and

WHEREAS, bond rating agencies, (Fitch, Moody's, and Standard & Poor's) view capital renewal and replacement policies as a significant criteria in assessing a government's credit worthiness; and

WHEREAS, on September 9 2004, the Mayor and City Commission tentatively adopted the proposed millage rate of 7.425 mills which included 0.126 mills dedicated for capital renewal and replacement; and

WHEREAS, the additional 0.126 mills will result in an additional \$199,679 to the FY 2004/05 South Pointe Redevelopment Area Operating Budget.

NOW, THEREFORE, BE IT DULY RESOLVED BY THE CHAIRMAN AND MEMBERS OF THE MIAMI BEACH REDEVELOPMENT AGENCY as follows:

- A dedicated South Pointe Capital Renewal and Replacement Fund is hereby established to be used for projects that extend the useful life of the assets within the South Pointe District.
- 2. The South Pointe Capital Renewal and Replacement Fund shall be funded annually, commencing in FY 2004/05, through a transfer from the South Pointe Redevelopment Area Operating Budget.

OF \$160,473.

ADMINISTRATION RECOMMENDATION

Adopt the Resolution.

ANALYSIS

Consistent with the proposed budget for the General Fund, the proposed budget for the Miami Beach Redevelopment Agency includes a \$160,473 appropriation dedicated for capital renewal and replacement of City Center District assets. On September 9 2004, the Mayor and City Commission tentatively adopted the proposed millage rate of 7.425 mills which included 0.126 mills dedicated for capital renewal and replacement. The additional 0.126 mills will result in an additional \$160,473 to the FY 2004/05 City Center Redevelopment Area Operating Budget. Consistent with the General Fund appropriation, it is recommended that the use of the additional \$160,473 be restricted to future year capital renewal and replacement projects that extend the useful life of the assets within the City Center District and transferred to the City Center Capital Renewal and Replacement Fund.

The Administration is proposing the following restrictions and guidelines to ensure the funds are appropriated exclusively for capital renewal and replacement to supplement existing City Center Redevelopment Area maintenance expenditures:

 Establishment of a dedicated City Center Capital Renewal and Replacement Fund to be used for projects that extend the useful life of the assets within the City Center District. Excess project specific appropriations not required will be available for re-appropriation in following years.
- Project specific appropriations that are not expended in a given year shall remain in the City Center Capital Renewal and Replacement Fund for the life of the project.

A Resolution of the Chairman and Members of the Miami Beach Redevelopment Agency, appropriating \$6,367,952 in City Center Trust Fund Revenues and \$2,089,975 in South Pointe Trust Fund Revenues towards water, sewer, storm water, streetscape and related infrastructure improvements in the City Center and South Pointe Redevelopment Areas, in accordance with Chapter 163.387(7)(a), Florida Statutes.

Issue:

Shall the RDA appropriate unencumbered Trust Fund Revenues towards water, sewer, storm water, streetscape and related infrastructure improvements in the City Center and South Pointe Redevelopment Areas, respectively?

Item Summary/Recommendation:

At present, City Center is estimated to have \$6,367,952 in unencumbered Trust Fund revenues to appropriate towards storm water, water, sewer and related infrastructure improvements in the City Center area. South Pointe has an estimated total of \$2,089,975 to appropriate towards improvements in its area. Pursuant to Chapter 163.387(7)(a), Florida Statutes, on the last day of the fiscal year of the Redevelopment Agency, any money which remains in the Trust Fund after payment of expenses, shall be returned to the taxing authority. As such, the Administration recommends appropriating \$6,367,952 from City Center and \$2,089,975 from South Pointe towards storm water, water, sewer and related infrastructure improvements in the respective areas.

CHAPTER 163.387(7)(a), FLORIDA STATUTES.

RECOMMENDATION:

Adopt the Resolution.

ANALYSIS:

Pursuant to Chapter 163.387(7)(a), Florida Statutes, on the last day of the fiscal year of the Redevelopment Agency, any money which remains in the Trust Fund after payment of expenses, shall be returned to the taxing authority. At present, City Center is estimated to have \$6,367,952 in unencumbered Trust Fund revenues to appropriate towards improvements in City Center and South Pointe an estimated \$2,2089,975 for projects located within its boundaries. As such, the Administration recommends appropriating \$6,367,953 from City Center and \$2,089,975 from South Pointe towards redevelopment area planned improvements, including, but not limited to, storm water, water, sewer, streetscape and related infrastructure improvements in the respective areas. As future funds become available in the redevelopment areas, additional funding will be appropriated as needed towards infrastructure and other planned and/or contemplated improvements, thereby freeing up much needed revenues for other parts of the City.

REDEVELOPMENT AGENCY COMMISSION ITEM SUMMARY

Condensed Title:

A Resolution adopting and appropriating the Miami Beach Redevelopment Agency (RDA) Capital Budget for Fiscal Year 2004-2005 and the Capital Improvement Plan for Fiscal Years 2005-2009.

Issue:

Shall the RDA adopt the City of Miami Beach and Miami Beach Redevelopment Agency Capital Budget for Fiscal Year 2004-2005 and the Capital Improvement Plan for Fiscal Years 2005-2009?

Item Summary/Recommendation:

The Proposed RDA Capital Budget for FY 2004-2005 totals \$9,289,903 and includes 15 projects recommended for appropriation in conjunction with the FY 2004-2005 Operating Budget. It itemizes project funds to be committed during the upcoming fiscal year detailing expenses for project components which include: architect and engineer (A/E), construction, equipment, art in public places, and other related project costs. Capital reserves, debt service payments, and other capital purchases found in the Operating Budget are not included in this budget.

Advisory Board Recommendation:

On September 15, 2004 the FY 2004-2005 Proposed Capital Budget and updated Capital Improvement Plan were discussed at a joint meeting of the Finance and Citywide Projects Committee and the General Obligation Bond Oversight Committee. A presentation was made outlining the neighborhood enhancements, park renovation and upgrades, construction of new facilities, and upgrades to utility systems that were planned for FY 2004-2005. Copies of the draft Proposed Capital Budget for FY 2004-2005 and the updated Capital Improvement Plan were distributed to each member in advance. The Capital Improvement Project Office Director, Chief Financial Officer, department directors, and other City staff were available to discuss specific projects and respond to the Committee's questions.

REDEVELOPMENT AGENCY MEMORANDUM

To: Chairman and Members of the Board

Miami Beach Redevelopment Agency

From: Jorge M. Gonzalez Fre

Executive Director

Subject: A RESOLUTION OF THE CHAIRMAN AND MEMBERS OF THE

MIAMI BEACH REDEVELOPMENT AGENCY, ADOPTING AND APPROPRIATING THE MIAMI BEACH REDEVELOPMENT AGENCY CAPITAL BUDGET FOR FISCAL YEAR 2004-2005 AND THE CAPITAL

IMPROVEMENT PLAN FOR FISCAL YEARS 2005-2009.

ADMINISTRATION RECOMMENDATION:

Adopt the Resolution.

BACKGROUND

Planning for capital improvements is an ongoing process; as needs change within the City's Redevelopment Districts (RDA), capital programs and priorities must be adjusted. The Capital Improvement Plan (CIP) serves as the primary planning tool for systematically identifying, prioritizing and assigning funds to critical City and RDA capital development, improvements and associated needs, consistent with the Redevelopment Plan.

Each year, City departments submit their projected capital needs for the next five year period. All projects submitted for inclusion in the City's CIP are reviewed on the basis of relative need, cost and availability of funding. The Finance Department and the Capital Improvement Office provide assistance in preparing and reviewing the CIP for budgetary planning purposes. The proposed documents are presented to the Finance and Citywide Projects Committee and General Obligation Bond Oversight Committee for review, and to the City Commission/RDA Board for approval and adoption.

The CIP was created as a plan for projects that require significant capital investment and is intended to serve as an official statement of public policy regarding long-range physical development in the City of Miami Beach. The CIP specifies and describes the City's and RDA's capital project plan and establishes priorities for the upcoming five year period.

Following the adoption of the CIP by the Mayor and City Commission in July of 1999, individual projects within neighborhood areas were combined to create "packages" of projects that address the neighborhood needs for infrastructure upgrades, traffic flow, enhancements, etc. This comprehensive approach minimizes disruptions and generates costs savings. The projects address many needs in different areas of the City including: neighborhood enhancements such as landscaping, sidewalk restoration, traffic calming, parking, drainage improvements and roadway resurfacing/reconstruction; park renovation and upgrades; and construction or renovation of public facilities.

The City's first Capital Budget was adopted concurrently with the Fiscal Year (FY) 2001- 2002 operating budget. It included the portion of the five year plan that would be committed during that fiscal year. The Administration is presenting the proposed FY 2004-2005 Capital Budget and the updated CIP for FY 2005-2009, following a comprehensive review of the CIP to insure that the Plan

accurately reflects all project budgets, funding sources and commitments, for adoption by the City Commission and RDA Board.

ANALYSIS

Capital Improvement Plan

The 2005-2009 CIP for the City of Miami Beach and RDA is a five year plan for public improvements and capital expenditures by the City and RDA. This document is an official statement of public policy regarding long-range physical development in the City of Miami Beach. The approved Capital Improvement Plan has been updated to include projects that will be active during the fiscal years 2005 through 2009.

The Plan has been updated to include additional funding sources that have become available, changes in project timing, and other adjustments to ongoing projects as they have become better defined. Certain adjustments have been made to reclassify previously appropriated funds from a cash flow basis to a commitment basis for budgeting purposes; other project appropriations have been adjusted to reflect projects that have been reconfigured, re-titled, combined with or separated from other projects and/or project groupings. Adjustments for appropriations that were made at the funding source level rather than at a project level have also been included. These adjustments have no fiscal or cash impact and are as a result of a comprehensive review of the program to insure that our plan accurately reflects all project budgets, funding sources and commitments.

Capital Budget

The Proposed RDA Capital Budget for FY 2004-2005 totals \$9,289,903 and includes 15 projects and capital equipment acquisitions recommended for appropriation in conjunction with the FY 2004-2005 Operating Budget. It itemizes project funds to be committed during the upcoming fiscal year detailing expenses for project components which include: architect and engineer (A/E), construction, equipment, art in public places, and other related project costs. Additionally, the projected costs of program manager services are included. Capital reserves, debt service payments, and other capital purchases found in the Operating Budget are not included in this budget.

On September 15, 2004 the FY 2004-2005 Proposed Capital Budget and updated Capital Improvement Plan was discussed at a joint meeting of the Finance and Citywide Projects Committee and the General Obligation Bond Oversight Committee. A presentation was made outlining the neighborhood enhancements, park renovation and upgrades, construction of new facilities, and upgrades to utility systems that were planned for FY 2004-2005. Copies of the draft Proposed Capital Budget for FY 2004-2005 and the updated Capital Improvement Plan were distributed to each member in advance. The Capital Improvement Project Office Director, Chief Financial Officer, department directors, and other City staff were available to discuss specific projects and respond to the Committee's questions.

CONCLUSION:

The Administration recommends adoption of the attached Resolution, which establishes the RDA Capital Budget for Fiscal Year 2004-2005 and the Capital Improvement Program for Fiscal Years 2005-2009.
